

An aerial photograph of a scenic landscape. On the left, a steep, forested hillside rises, topped by a prominent, flat-topped cliff face with reddish-brown rock. The valley floor is a mix of dense green forest and open green fields. A river winds through the center of the valley. In the distance, more rolling hills and valleys are visible under a sky filled with soft, white clouds. The lighting suggests late afternoon or early morning, with a warm glow on the forest canopy.
